

NCR SelfServ™ 22e

Compact interior freestanding cash dispenser

Connect your customers to their cash

Whether in bank branches or in off-premise locations, the SelfServ 22e is designed to deliver cash to your customers simply, securely and reliably. Ideal for any indoor area, the SelfServ 22e has a compact footprint making it easy to place in locations where

you can serve your customers best. Even when those locations are busy the SelfServ 22e will continue to dispense cash because it's been designed to handle the highest of transaction volumes.

Availability

Keep your ATMs up and running, offering your customers the transactions they want, when and where they need them. NCR's express recovery and self-healing technologies reduce downtime from hours to minutes—making your ATMs available around the clock.

Consumer Experience

SelfServ 22e is a fusion of robust and durable design and the powerful S2 Media Dispense Module from NCR. Designed to meet global media handling requirements, the S2 Media Dispense Module is key to providing secure and reliable access to cash for consumers at the ATM.

Security & Performance

The SelfServ 22e is designed with security at heart. Ask us about our multi-layered approach to ATM security. Including a range of physical enclosures, recessed PIN Pad and software security to protect your network.

Why NCR?

NCR is a leading global technology company that brings unexpected value to every interaction between customers and businesses. The company behind the world's **#1 ATM SelfServ brand** and **ranked #1 globally for ATM multi-vendor software**, we power 5 of the 10 highest-ranked banking apps with digital banking solutions used by 15M+ consumers.

Digital first but not digital only, our software, hardware and services help financial institutions bridge their digital and physical operations. From banking apps to branch transformation, our future-proofing technology runs the entire bank, delivering customized, secure, "anytime, anywhere" experiences that create more value for FIs and their customers.

NCR continually improves products as new technologies and components become available. NCR, therefore, reserves the right to change specifications without prior notice.

All features, functions and operations described herein may not be marketed by NCR in all parts of the world. Consult your NCR representative or NCR office for the latest information.
