

NCR SelfServ™ 24

Exterior through-the-wall cash dispenser

Connecting the world with cash

Introducing NCR latest innovation in the exterior, through-the-wall cash dispense space. NCR SelfServ 24 helps financial institutions meet corporate environmental sustainability goals, reduce total cost of ownership and manage risk, all while benefiting from ease of deployment. Designed to catch attention of passers by, the SelfServ 24 not only offers a contemporary look and feel, but can handle high transaction volumes and perform brilliantly in locations where cash is in constant demand.

Experience—Brand perception depends on the customer experience. SelfServ 24 offers your consumers a modern, digital-first experience with multi-touch display, integrated contactless card reader and dynamically adjustable media entry and exit indicators. Coupled with NCR Enterprise Software and ATM Marketing, SelfServ 24 unlocks a personalised user flow and increases ROI.

Availability—ATM uptime matters. SelfServ 24 is powered by S2 Media Dispense Module. It has market-leading cassette capacity and drives longer replenishment cycles, keeping your device online for longer. With greater FRUs and State of Health indicators, S2 helps you get your ATM back up and running faster than other devices on the market.

Security—SelfServ 24 has security built in. The combination of S2 Media Dispense Module and integrated cash exit and consumer portrait cameras protects your device against cash trap attacks and transaction reversal fraud. With the latest Skimming Protection Solution and NCR Secure, your consumers are protected against card skimming fraud too.

Key features

- **Intuitive touch screen**—High quality touchscreen integrated with option of 15" or 19" display
- **Media handling 2.0**—Driven by the market-leading S2 Media Dispense Module, featuring up to 60 note bunch, 2-5 cassettes, 2,800 note capacity. 5-High for best-in-class 14,000 note capacity.
- **Easy to service**—Simplified parts for enhanced first line maintenance and increased number of field replaceable units for quick repairs
- **Best-in-class design**—Design for the banking consumers of the future - incorporating cues from both NCR's best-selling cash dispense ATM and our award-winning SelfServ™ 80 Series

Technical specifications

Product dimensions (with CEN 1)

• HEIGHT	59.53"	(1,512mm)
• WIDTH	30.47"	(774mm)
• DEPTH	44.25"	(1124mm)
• WEIGHT	1,212.5lbs	(550kg)

Consumer interface

- Infinity display – Supports multi-touch
15" or 19" brightened color LCD screen with privacy filter
- Dynamic active customizable color LEDs
Directional and pulsing user guidance MEEIs
- Lighting – Task lighting
Ambient light sensing
- PIN Pad – Recessed Encrypting (Polycarbonate or stainless steel)
- Card reader – EMV Ready (Dip, Motorized IMCRW)
- Contactless enabled – Integrated reader
(via card, smartphone or smartwatch)
- Audio – Public/Private
Optional high quality public audio and/or sound jack with volume control
- Barcode reader - UBAR 2.5 Barcode Reader
- Branding - Illuminated Advert Panel (optional)

Media Handling 2.0 technology

- Cash Dispense: S2 Media Dispense Module
 - Up to 60* note bunch size
 - Up to 2,800* notes per cassette
 - Vacuum-based with adaptive pick technology
